

RALEIGH BOULWARE MAKES FOURTH VICTIM

Officer Wounded in Winsboro Dies in Columbia Hospital.

WAS BRAVE AND DISCREET

Pistol Shot Through Abdomen Proves Fatal After Twenty Days.

Columbia State, July 4th. Raleigh Boulware, rural policeman, died last evening at the Columbia Hospital from wounds received in the affray which occurred June 14 at Winsboro when Clyde Isenhower and others undertook to wreak vengeance on a negro prisoner, Jules Smith, as the latter, in charge of a posse was entering the court house to be tried for an alleged assault upon a white woman, a relative of the Isenhowers.

Boulware's is the fourth death to result from the encounter between the officers and the Isenhower posse. The negro was almost instantly killed, Sheriff Hood died that night in the Columbia Hospital and Clyde Isenhower died the next night in the Pryor Sanitarium in Chester.

FIVE OTHERS WOUNDED. Besides these, there were wounded more or less seriously B. R. Beckham, Earle, Stevenson and Alex Broome, deputy sheriffs; R. L. Kelly, a magistrate's constable, and William Morrison, brother-in-law to Clyde Isenhower.

Mr. Boulware became unconscious Friday evening. He had a bad night and early yesterday began losing ground rapidly. He was shot through the abdominal cavity the bullet making seven perforations. His aged father was with him at the last and several friends, his mother being too ill to leave her home. Mr. Boulware was 30 years of age. He was not married.

Mr. Boulware's body will be taken to Winsboro this morning on the Southern Railway train leaving Columbia at 5:30 o'clock.

All of the four men whose lives the Winsboro shooting has cost to date were shot in the stomach, the shooting being at arm's reach and from the hip. Clyde Isenhower and Sheriff Hood stood within three feet of each other, their pistols overlapping each other. One resection was performed upon Mr. Boulware, the other perforations being sewed up.

BORE GOOD REPUTATION. All testimony regarding the character of the late Raleigh Boulware which has been heard in Columbia since he was wounded has tended to show that he was a fearless, discreet and efficient officer.

True bills have been found for murder by the Fairfield county grand jury against Ernest Isenhower, Jesse Morrison and James Rawls, all of whom are held without bail in the state penitentiary. A true bill was also returned against Clyde Isenhower, but his death next day of course ended prosecution in his case.

NEW SHERIFF JAMES MACFIE. James MacFie, who was appointed by Governor Manning to succeed the late Adam D. Hood as sheriff of Fairfield county, is a man of about 48 years of age and has owned and operated a store in Winsboro for a number of years. He is a first cousin of S. B. McMaster of Columbia.

Mr. MacFie is of medium height and is said to be as fearless as the man whom he succeeds in office. He was a candidate for sheriff in the last primary and was defeated in a close race by the late Mr. Hood. He is said to be cool, clear-headed and collected and fitted by disposition for the position he now holds.

J. P. MORGAN SHOT AND PAINFULLY HURT

German Teacher Fires Two Bullets Into His Body.

NOT SERIOUSLY INJURED.

Assailant Declared Morgan is Responsible for War and Shipments of Arms to Belligerents.

New York, July 3.—J. P. Morgan was shot but not seriously wounded by an unknown man at his home at Glen Cove, Long Island, at 9 o'clock this morning.

A telephone message received from Glen Cove stated that the man who shot Mr. Morgan had been captured. A later statement, issued by the Morgan firm, said that two shots were fired at Mr. Morgan and that both had taken effect.

It was reported in Glen Cove that the man who shot Mr. Morgan secreted himself in the Morgan home last night.

Shot by Cornell Man.

Glen Cove, L. I., July 3.—Mr. Morgan's assailant asserted this afternoon that his name was F. Holt and said that he was an instructor in German at Cornell University.

New York, July 3.—The Cornell University faculty list contains the name of a Frank Holt, who has been an instructor in German there since 1912. He holds the degree of bachelor of arts.

Two Bullets Hit.

Glen Cove, L. I., July 3.—It is unofficially stated that one bullet took a glancing course after striking Mr. Morgan in the breast and passed out through the arm. The other wound was said to be in the hip.

Mr. Morgan's assailant is declared by officials at the court house here where he was taken, to have said he was of German descent and that he was willing to give up his life at any time to end the war. It was added that he declared Mr. Morgan was responsible for the war and for the shipment of arms abroad, and that he could stop the conflict if he wished.

Justice of the Peace Lyster questioned the prisoner.

"I am a Christian gentleman," was the only reply the man would give when pressed for his name. He declined also to say where he came from. As to his reasons for shooting Mr. Morgan, however, he was more communicative.

He told the justice that he had no quarrel with Mr. Morgan personally, but felt the time had come for the war to end. It was becoming more and more unbearable, he said, and it was his firm belief that he should go to Mr. Morgan and ask him to end it. This he knew Mr. Morgan could accomplish because of his great influence.

"I wanted to see Mr. Morgan and to reason with him," the man said. "I have nothing against him."

The assailant was cut over the eye by the blow with the coal hod, and had been bleeding freely. He also was limping as the result of his encounter with the Morgan servants.

Wounds Not Serious.

New York, July 3.—This announcement was issued by J. P. Morgan & Co. here:

his home at Glen Cove, at 9 o'clock this morning. The physicians advise that the wound was not serious."

The first news of the shooting was received at 10:30 o'clock at the office of Sheriff Pettit of Nassau county, at Mineola. The sheriff immediately dispatched men to Glen Cove to investigate the report.

Details of the shooting were lacking at that hour.

Except for the fact that Mr. Morgan had been shot, such members of the Morgan firm as were in town were without details of the shooting nearly two hours after the time it was said to have occurred.

The rumor of the shooting reached Wall street soon after the opening of the stock market and was current on the floor of the New York stock exchange before it reached the office of J. P. Morgan & Co.

The market, which opened irregularly, shaded a point on the rumor and remained practically stationary after the news was confirmed.

The only partners in the firm of J. P. Morgan & Co., who were in town today, so far as was known, were William H. Porter and Mr. Morrow. Mr. W. P. Hamilton, another partner of the firm, was said to be at his country home near Tuxedo. Henry P. Davison is in London and Thomas W. Lamont is on his vacation, somewhere in Oregon.

A second statement issued by the Morgan firm reads as follows: "Two shots were fired at Mr. Morgan, both of which took effect. Details regarding wounds have not yet been received at the office of the firm. A statement from the doctor will be given out in about an hour."

The man who shot Mr. Morgan came to Glen Cove this morning on the 8:53 train, hired an automobile and went to the Morgan home on Matinecock Point. He rang the bell and when the butler answered, called for Mr. Morgan. He said he was an old friend of Mr. Morgan, but was refused admission.

The man then pressed a pistol against the stomach of the butler who screamed, and pushed his way past the servant into the hall. Mr. Morgan was approaching the front door through the hall. He asked what the trouble was. The answer was a shot which took effect in his

hip. Mr. Morgan staggered and fell into a chair. The butler, once the assailant's back was turned, picked up a brass coal hod from the fire-place and brought it down on the assailant's head, but too late to prevent a second shot.

The butler fell on the man, wrested the weapon away and overpowered him. Servants came running in answer to his call and the sheriff's office and a physician were telephoned. The man was placed under arrest and taken to Glen Cove. There he refused to say anything, even to giving his name.

A satchel which the man brought to Glen Cove was found near a hedge on the Morgan property. The satchel was filled with dynamite.

It was said the assailant was seen yesterday in the neighborhood of Mr. Morgan's home.

Another version of the entrance of the intruder into the Morgan house is that he had no trouble in gaining admission. He went to the door and

asked to see Mr. Morgan, saying he was an old friend. Word was taken to Mr. Morgan that some one wanted to see him.

The financier came out of his breakfast room into the main hall. Immediately the intruder shot at him. He had two revolvers, and used them both.

There is still some discrepancy in the statements as to just where the bullets struck Mr. Morgan. One report is that the first wounded him in the leg and the second near the pit of the stomach.
